Detailed Actions

1. Amendment received on 12/12/2006 is entered.
 - a. Claims 1-4, 11-17 and 21 are cancelled.
 - b. Claims 5 and 18 are amended.
 - c. Claims 5-10 and 18-20 are pending in the Application.

Response to the arguments

2. Applicants argue that amended independent Claims 5 and 18 are allowable, because they include two, first and second, counting loops and two, first and second, counters used in the two counting loops respectively. Examiner agrees that neither Pohl nor Makaran disclose that feature, as it was agreed during Interview on 11/14/2006.

EXAMINER' S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Art Unit: 2836

Authorization for this examiner's amendment was given in a telephone interview with Attorney of the Application Benjamin J. Hauptman on 2/27/2007. The application has been amended as follows:

4. In Claim 5:
 - a. on line 2 between "said method" and "comprising steps of:" insert - ***using a first counter for counting a first stopping number and a second counter for counting a second stopping number, said method --.***
 - b. on line 5 replace "a first stopping number;" with -- ***the first stopping number counted by the first counter:--.***
 - c. on line 14 replace "equal to a second stopping number;" with -- ***equal to the second stopping number counted by the second counter;--.***
5. Cancel Claim 8.

Allowable Subject Matter

6. Claims 5-7, 9-10, and 18-20 are allowed.

The following is an examiner's statement of reasons for allowance:

Art Unit: 2836

7. Independent Claims 5 and 18 are allowable because none of the prior art of record disclose a fan protection method or apparatus comprising a first counter for counting a first stopping number that stops the fan for a first time period and a second counter for counting a second stopping number that stops the fan for a second time period in combination with the other claim limitations.

8. Claims 6-7, 9-10, and 19-20 are dependent on allowable claims and therefore allowable.

Comments to reasons for allowance

9. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
